## New AHT Distributor in Egypt

We are very pleased to announce that **SHANAN Trade Agencies** has been appointed as the authorised **AHT distributor in Egypt**. Egypt with a population of more than 92 million people has a developing market economy where conditions have started to improve considerably, after a period of stagnation. The adoption of more liberal economic policies by the government as well as increased revenues from tourism and a booming stock market have allowed Egypt to develop further and as a result the IMF has rated Egypt as one of the top countries in the world undertaking economic reforms. In this promising environment Shanana Trade Agencies a new dynamic and progressive company with strong links to the Egyptian construction market, has steadily expanded its activities representing a number of important European manufacturers. The addition of the AHT indoor heating products will expand their activities and further strengthen their position in the Egyptian market.

**We would like to welcome Mr Amro Shanana and his Shanana Trade team to our ever growing AHT International Family and wish them great success for the future!**
