

Shanghai – China, 18th December 2015

**“AHT Experience” Showroom in Shanghai’s biggest construction material market**

We are very pleased to inform you that the **AHT Experience Showroom** located inside the biggest permanent construction material market in Shanghai – **Jiuxing market**. The AHT Experience Showroom was designed and constructed by A&D Technologies FIPE, the AHT authorized distributor in China, with the support of Shenjie Industrial Co who contributed the exhibition area and who is also is one of the A&D agents for the AHT product range.

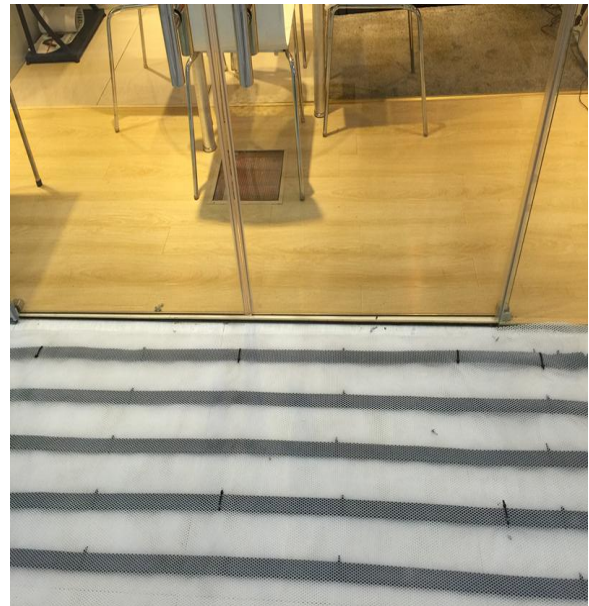

The AHT Experience Showroom floor is covered by wood, tiles and carpet and of course is heated by the AHT heating mats. In addition it contains posters and stands introducing the unique AHT Amorphous Metal Ribbon Technologies and their world wide applications. In front of the AHT Experience Showroom, the new AHT Animal Mat and the AHT Portable Outdoor heating mat are displayed so that even passing customers can feel, touch and understand better the **AHT Experience!**

A&D Technologies warmly welcomes new and old customers, partners, agents and all AHT friends to visit this new and very accessible showroom and feel the Eco friendly, Energy saving, Easy installation and Most advanced heating technology in the world making it a truly unique **AHT Experience!**
